Most politicians must be good navigators. They are always going up salt creek without a paddle.

A fashion paper says short dresses are to be worn again. This means that the woman's train is to be side tracked.

A writer asks: "Why is it that a woman screams in a kissing scrape?" The hardest question to answer would be how the fellow really keeps from screaming.

A Chicago paper says "George A. McKay shot himself in his auditorium annex." It is not stated whether his auditorium-annex is a fatal part of his anatomy or not.

Six years ago last Sunday Admiral Dewey set the dogs of war upon the Spanish fleet at Manila. The Spaniards laid down their hand but General Leonard Wood still keeps those dogs busy in chasing Fillipinos who didn't think there was a fair deal.

The "Silver Slipper Opera Company," composed principally of 80 pretty girls, is stranded in a city in the far west. The company's silver slipper sold for only $5, and as the rate is sixteen girls to $1, they will have to call in Col. Bryan, so he can tell them how that can't take them anywhere.

A dispatch says it is true that Col. William Jennings Bryan really will bolt the nominee of the St. Louis convention, if his ideal as to a platform and candidate is not adopted. Well we don't care, as long as the only difference between "a reign of error" and "a reign of terror" is just the letter "t."

The Salisbury *Sun* says: "Democrats should stand together." They also ought to have their "best man" to stand with them, and when they are to be united the Democratic family relations might be better promoted if the union is understood to be to be "for better or for worse." Same old thing at any other wedding you know.

A New York man has been sent to jail for shooting four times at his wife and missing her every time. Every man should have the right to shoot and cut when he is having a little argument with his wife. We should imagine that the way to get the best of the argument would be to make a near cut for the street and shoot around the nearest corner.

## AFFAIRS OF THE COUNTY.

**Commissioners in Regular Monthly Meeting Yesterday Afternoon—Jurors for May Term of Court—Notes.**

Only a brief session of the Board of County Commissioners was held yesterday, Chairman McEachern and Messrs. Robertson, Divine and Alexander having been in attendance. The usual reports and other routine business was disposed of.

The Superintendent of Health treated 87 patients in the office and visited 30 others at their homes during the month. All county institutions were reported in good sanitary conditions. Ten cases of fever occurred at the convict camp and ten cases of smallpox and one of diphtheria in the entire county were reported during the month. Measles prevailed in nearly every section.

The Clerk of the Superior Court reported having paid $64.80 in fines into the treasury during April. The Register of Deeds paid $38.50 into the treasury as county fees for marriage licenses. Bellamy & Bellamy reported a net collection of $87.37 in back taxes during April.

Upon application, the salary of Superintendent of Roads J. A. Perry was increased from $50 to $60 per month.

Z. W. Whitehead appeared before the Board and asked for a reduction of tax assessment upon certain property, which he said he would be glad to sell at the valuation placed upon same by the Board of Assessors. He was informed that his application for reduction was too late, as settlement had already been made with the State and the Board of Equalization had been in session two weeks in July for the purpose of hearing complaints as required by law and that he had "slept on his rights," so to speak. Mr. Whitehead threatened by intimation to appeal to the Superior Court, to which the Board entered no objection.

Committee in charge of matter of assessment of property of Mrs. A. H. Cotton reported progress and was continued.

F. T. Mills, H. L. Fennell, A. O. McEachern, A. T. Blake, A. E. Blake, C. H. Edens, E. N. Edens, W. L. Webb, W. H. Mills, C. H. Mills, C. W. Blake, C. S. Riggs and other citizens, of East Wilmington made complaint of certain parties composting nauseous material on or near the public roads leading through that vicinity. The matter was referred to the Superintendent of Health with instructions to report to the chairman of the Board.

The following jurors were drawn for the one week term of court to convene May 30th: B. B. Jackson, R. W. Hicks, F. J. Dempsey, J. A. Riggs, H. Woollcott, N. J. Williams, Wm. H. Lane, U. C. Ellis, J. Henry Southerland, L. H. Peterson, Sr., W. C. Husband, W. A. Erwin, F. A. Applegate, Oscar A. Matthews, W. H. King, R. A. Brown, Chas. M. Butler, M. C. Benson, Wm. Gregerson, J. O. Bowden, Thomas S. Toler, D. N. Chadwick, Jos. L. Bowden, F. H. Smith, W. B. Canady, J. A. Springer, B. N. Bowden, W. B. Crumpler, Wm. E. Powell, Jos. P. Montgomery, Thos. J. Kenan, Ike W. Solomon, W. H. Johnson, A. ## TRY FOR DISPENSARY

**That Is Move Which Anti-Saloon League of Wilmington Will Make on To-morrow.**

**WERE READY LAST NIGHT.**

**Petition for Election Before Board of Aldermen Yesterday, But Had to be Deferred—Some Provisions of the Watts' Law—Notes.**

Had not the Board of Aldermen deferred its regular monthly meeting last night on account of death in the family of one of its most valued members, the petition of one-third of the registered voters of the city, asking for an election upon the dispensary question under the terms of the Watts' Law enacted by the last Legislature, would have been unquestionably presented for action. The requisite number of names on the petition was secured some time ago, but recently, to make assurances doubly sure, so to speak, another canvass for additional signers was made and now the anti-saloonists announce their readiness for the fray. The petition will go in Wednesday of this week, to which date the meeting of the Board was adjourned last night.

Ever since it was announced last Fall that a sufficient number of petitioners had been secured, the voters of the city have been on the qui vive for the presentation of the document to the Board of Aldermen and a few days before each meeting of the Board since that time, it would become noised abroad that the petition was on the verge of being handed over. The anti-saloon people, however, refused to talk and not until yesterday would they make any announcement as to their purposes in the matter. Yesterday morning from 9 to 12 o'clock the executive committee of the Anti-Saloon League and Campaign Manager R. G. Grady were in session in the mayor's office at the City Hall, going over their list of signers and comparing them with the registration books for the last State and county election to see that a sufficient number of them were qualified voters. The result of the investigation appears to have been very satisfactory and at another meeting of the dispensary advocates yesterday afternoon, it was decided to present the petition at once, so that the election may be, as it must be according to the law, held before the first day of August, which is the required three months before the general election on the first day of November.

When the Board met last night, Chairman R. G. Grady was present with the petition and signified his purpose to submit it at once to the Board for action. There were also present Messrs P. Pearsall, W. B. Cooper, T. W. Wood, R. B. Moore and other prominent members of the Anti-Saloon League, who were expecting the matter to come up. When the Board formally met and adjourned to Wednesday night, Mr. Grady was asked if the petition would go in at the postponed meeting. He said that it would and that the League was confident of winning its fight; in fact, the delay was merely a wait to feel the public pulse upon the question before asking for the election. He declined to give the number of names on the petition or any other information relative thereto until the document is in the hands of the Board. When the same is presented, the Mayor has signified his purpose of referring it to a special committee for careful investigation. The qualification of each signer will be inquired into and the special committee will report back to the Board at its regular meeting in June or sooner. If in due form, the Mayor will then give 30 days notice of the election and the same will be held before Aug. 1st. Should the election be carried, however, the dispensary could not be established before Jan. 1st, 1905.

The Watts' act, under which the election is asked, is chapter 233 of the Public Laws of 1903. In brief, as it appertains to the dispensary, it provides that the election must not be held oftener than two years; 30 days' notice must be given and elections must not be held "within 90 days of any city, county or general election." The election shall be conducted under same rules and regulations provided for municipal elections. Any person entitled to vote for members of the General Assembly will have a right to vote in the dispensary election. Should the election be carried for dispensary, the Aldermen are required to appoint three commissioners from among those who voted in favor of dispensary to manage the institution. The Aldermen shall fix rules and regulations governing the dispensary and the salary of commissioners and employes. No liquor shall be sold in dispensaries on Sundays or election days or at any other time between sunrise and sunset and at a profit of more than 80 per cent. All sales shall be in unbroken packages and none can be drunk on the premises. A register of all sales must be kept for the inspection of the commissioners. Quarterly settlements must be made and half of the net profits paid in ten days into the city treasury and half into the county school fund.

Before the election is finally called, it is expected that many technical points will be raised and much litigation may result. One report is that one prominent man, opposed to the dispensary, will employ counsel to question the legality of the election of the present Mayor and Board of Aldermen in an effort to thwart the movement by the dispensary advocates. However, to-morrow night's meeting of the Board will throw much light upon the matter.

## DEMOCRATIC PRIMARY WILL BE HELD TO-DAY.

**Election Will be Quiet Save in Contest for Legislative Honors and for County Treasurer—Some Information.**

The New Hanover Democratic primaries will be held in the various precincts of the county to-day according to the rules laid down in the call recently issued by the executive committee. The polls in the city will open at 8 A. M. and close at 6:30 P. M.; in the country at 9 A. M. and close at 5 P. M. From present indications the balloting will be interesting only so far as concerns candidates for the House of Representatives and County Treasurer, for each of which offices there are two aspirants while for the others the present incumbents have no opposition. The Legislative race, from indications last night, will be close between Messrs. Thos. W. Davis and G. J. Boney, both of whom have strong support in every ward in the city. The race for the County Treasurer is between Messrs. H. McL. Green and G. F. Quinn.

Candidates to be voted for are Sheriff, Register of Deeds, Treasurer, Coroner, Surveyor, Constable, one member of the House of Representatives, State Senator, five Executive Committeemen from each precinct and delegates to the County Convention next Saturday. The number of delegates from each precinct is as follows: First ward, 25; Second, 18; Third, 21; Fourth, 16; Fifth, 26; Cape Fear township, two; Harnett, lower division, three; Delgado, four; Masonboro, three, and Federal Point, one. All white men who will be qualified to vote in the November election and who will support the Democratic nominees are entitled to participate in the primary. Returns will be made to the Executive Committee at the Court House to-night.

The polling places and officers of the election have been previously published. However, the following changes have been made: Third ward polling place changed to second floor of Giblem lodge room; W. D. McGrue registrar in First ward in place of E. F. Lewis; L. Tate Bowden pollholder in Second ward, vice C. H. Ward; L. D. Bordeaux and H. R. Bule poll-holders at Delgado, vice D. F. Klein and Robert Stokley.

## RESPECT TO BEREAVED MEMBER.

**Board of Aldermen Postponed Meeting Until To-morrow Night.**

Out of respect to Mayor Pro Tem. W. H. Yopp, who is bereaved by the death of his aged mother yesterday afternoon, the regular monthly meeting of the Board of Aldermen was adjourned last night promptly upon its having been called to order by Mayor Springer. Members of the Board in attendance were Messrs. Murrell, Karr, Sweeney, Moore, Behrends, Hashagen, Tiencken and Gafford. Upon the convening of the Board, Mr. Yopp's colleague from the Third Ward, Alderman S. Behrends, announced the death in very feeling terms and moved adjournment as a token of regard and respect to their fellow member. The adjournment was at once taken by a rising vote until to-morrow evening at 8 o'clock.

Just before adjournment, in order that the work may proceed at once and avoid congestion of traffic, the Board concurred unanimously in the recommendation of the Streets and Wharves Committee to award the contract to Roger Moore for paving Second street, between Market and Princess, with Georgia vitrified brick at a cost of $1.73 per square yard. The work will be commenced this morning and completed by the latter part of the week. The recommendation of the committee in regard to the award for the North Fourth street paving, the matter of the fire tug, and the controversy over the rock quarry, with many other important questions will be considered to-morrow night.

## MAY COST A LIFE.

**Congregation of Boys on Sunday Night Egged on Fight Which May Be Fatal.**

**A SMALL BOY STABBED.**

**Young Joe Vereen Held at Police Station Pending Result of Injuries of Companion Upon Whom He Was Pushed to Start Trouble.**

Robbie Kermon, the ten-year-old son of Capt. W. J. Kermon, was dangerously and may be fatally stabbed as the result of a promiscuous scuffle among boys, half in play and half in earnest, perhaps, at the door of the drug store on northeast corner of Front and Castle streets, Sunday night about 9 o'clock. Joseph C. Vereen, 14 years old, who admits that it was his knife which stabbed the boy, but says it was accidental, is held at police headquarters, without bond, pending the final result of young Kermon's injuries, when an investigation will be held. The wounded boy is at his home, Second, between Castle and Queen streets, and is being attended by Dr. W. J. H. Bellamy. The stab is in the left side to the hollow of the body. Yesterday morning Dr. Bellamy gave slight encouragement as to the boy's recovery, but last night his condition was more favorable. It will be a day or two yet, however, before the patient is out of danger.

Vereen is 14 years of age and is a son of M. Vereen, who now lives in South Carolina. Since the death of his mother when he was a child, young Vereen has lived at the home of his uncle, Mr. B. F. Gore, No. 110 South Sixth street. He is an unusually bright youngster and at the police station yesterday told a straightforward story of the occurrence which excited the pity of all who heard it. Vereen said he had attended services at Fifth Street M. E. church Sunday night and when he came out two little daughters of Mr. Tom Mason asked him to accompany them to their home on Third, between Castle and Queen streets. When he passed out with the girls a crowd of boys about his own age "guyed" him and followed him and the girls as far as Third and Castle streets, where the boys stopped. After seeing the girls home, he went around Third and Dawson and down to Front and Surry streets to avoid the boys who were teasing him. Coming to Front and Castle, however, he encountered the crowd again and went in the drug store to get out of their way. He was standing inside whittling a toothpick with his knife and said he was waiting for some one to come along going his way home to protect him, when one of the boys, Herbert Swain, call him to the front door. He went to the door and some one who was egging on the fight, pushed him out the door. He was shoved right on the Kermon boy, knife in hand, and the blade stuck in his adversary. He declared he had no purpose to stab the younger boy and expressed great regret at the consequences of the accident. Kermon thought that Vereen had purposely stuck him and a fight ensued. The wounded boy appeared not to be hurt much and started unassisted and alone to his home. When he neared the gate, he cried out and fell. A little sister ran out and found the little brother bleeding profusely. Dr. Bellamy was summoned as quickly as possible.

Mr. Gore, with whom the boy lived, expresses great mortification at the occurrence and has called several times to inquire of the condition of the wounded boy. He has also spent some time with his little nephew at the police station and has tried to make him as comfortable as possible. The boy is allowed the freedom of the police headquarters.

## GOOD WOMAN GONE TO REST.

**Mrs. Sarah Elizabeth Howard Yopp Passed Away Yesterday—Funeral To-day.**

After an illness of a week or ten days with pneumonia, Mrs. Sarah Elizabeth Howard Yopp, widow of the late Andrew J. Yopp, entered into rest at 2:30 o'clock yesterday afternoon at her home, No. 214½ North Fifth street. The news of her death will come as a source of sincere sorrow to many who had known her and loved her for years. She was born in Summerville, Brunswick county, November 15th, 1829, and was, therefore, in the 75th year of her age. She leaves two devoted sons, Alderman W. H. Yopp and Mr. A. Price Yopp, foreman of the Cape Fear Machine Works. She also leaves a number of grandchildren and other relatives, to whom the sympathy of the community is extended. Mrs. Yopp was a communicant of the Episcopal church and was a most estimable woman.

The funeral will be conducted at 4:30 o'clock this afternoon from the residence of Mr. W. H. Yopp, No. 218 North Fifth street, and the remains will be laid to rest in Oakdale. The services will be by Rev. R. W. Hogue, of Saint James' parish.

— A communication from Mrs. Kate DeRosset Meares, president of the North Carolina Society of Colonial Dames, requesting that the city grant permission for the erection of the colonial monument at Fifth and Market streets, and adopt legislation for the protection of same, has been forwarded to the Board o' Alderman and will be unanimously considered with favor to-morrow night.

One of the interesting reports to have been made to the Board of Aldermen last night, but for the adjournment, was the annual statement of Dr. Joseph Akerman, surgeon in charge of the James Walker Memorial Hospital, supported conjointly by the city and county. The report will be read to-morrow night.

The disbursements for the year were $17,394.46, leaving a balance Jan. 1st, 1904, of $190.63. ## ATHLETICS AT THE Y. M. C. A.

**Season's Champions Announced—Swimming Pool Subscriptions Coming In.**

Athletics have formed a very important part of the gymnasium work at the Y. M. C. A. during the past Winter and some good records have been made when it is considered that the men who were engaged in competing for the championship were almost all first year men and boys. It is significant, also, that both of those who won—John Cooper in the men's department and Louis Orrell in the junior department—were both new men.

In the basket ball league the Association team won every game played, making them the city champions for the season. In the Junior league the team of Louis Poisson also won every game, winning the championship in that department.

Interest in this phase of the work lags at this season, but new interest will soon be created when the swimming pool is put in. The subscribers to this fund are paying in full and in a few days the entire amount will be in bank and the work of construction will be started. All those who have not yet paid are requested do so within the next few days, as no work will be started until all the money is collected.

**"Little Tycoon" Another Triumph.**

With great success "The Little Tycoon" was repeated at the Academy of Music last evening for the benefit of the colonial monument fund. Nearly every seat down stairs was taken, while the balcony was well filled. Artistically the opera was the same magnificent success of the former production, the singing and acting of Mrs. Harris, under whose direction the opera was given, having been much admired. The Yellow Aster Dance and the Florodora Sextette again proved popular incidental features, the former having been unusually cleverly executed by six little girls from Miss Leonora Cantwell's dancing school.

**Slight Freight Wrecks.**

One car of Refrigerator Train No. 80, which left Wilmington at 10:30 A. M. yesterday was derailed at the switch at Rocky Point yesterday about 11 o'clock and was pretty badly damaged. A wrecking train from Wilmington had the line clear early in the afternoon. Several refrigerator cars were derailed near the oil mill in this city Sunday morning, but traffic was not seriously interfered with.

WILMINGTON, N. C.

TUESDAY MORNING, MAY 3.

## THE NEW YORK PLATFORM.

Some of the independent papers in the United States which do not say whether or not they will support Judge Parker on a sound platform that may be adopted at St. Louis, are making a warm fight against the New York platform as if that were what the national Democracy stands for. They are in the same boat with Col. William Jennings Bryan, who is also "too previous" in his attacks on the New York platform under the hallucination that it is to be the keynote for the St. Louis deliverance. Most of the independent papers have opposed Col. Bryan and all that he stands for, but we are sure Col. Bryan, as well as our independent contemporaries, have more political acumen than to seriously attempt to create the impression that the St. Louis platform will have much resemblance to the New York outlines. We rather take it that the opposition is really to Judge Parker, and it makes no difference what platform he is nominated upon at St. Louis, he will not have Col. Bryan and the independent press among his supporters.

The platform adopted at Albany was a mere state affair, and it makes little difference whether it had Judge Parker's approval or not. We have the authority of that able independent paper, the Washington *Post*, that the Albany platform does have his approval, but that will not cut much ice with the Democracy of forty odd States to be represented in the St. Louis convention. There isn't any indication that the keynote of the New York Democrats will amount to a hill of beans in any such unknown quantity as a national Democratic convention, hence we have never seen that it was worth while to waste time in discussing the New York deliverances in connection with the St. Louis platform. The fact is no one with an insight into politics would even anticipate that a national platform would look like the "dummy" set up by a State. The Washington *Post* expresses the same opinion in another way and in another spirit in saying this:

That Judge Parker will be the Democratic candidate for President is so highly probable as to come very near moral certainty. That he will go into the campaign on the platitudinous output of timidities and insecurities adopted at Albany on the 18th ultimo is a moral impossibility. If, as is asserted in quarters attributed with positive knowledge, Judge Parker approved of the that platform, his candidacy will depend on his willlingness to accept a better one, and that may be assumed without any disrespect to him or any body else. Improvement is always in order and never discreditable. Very little of satisfaction has been expressed in any quarter with the Albany attempt at a national keynote.

The *Post* has been worrying a great deal over that New York platform, and among other thing, says:

The Boston *Herald*, an independent newspaper that usually supports the Democratic ticket but has never sympathized with Bryanism, notes that the Washington *Post* makes an attempt to discover the meaning of one declaration of the Parker platform adopted at Albany. This is the declaration in question: "Corporations chartered by the State must be subject to just regulation by the State in the interest of the people." The *Herald* correctly remarks that the only logical significance that the *Post* can discover in these words amounts to this, that corporations chartered by any State should be subject to regulation by that State.

Surely the *Post* and the *Herald* will not deny to New York or any other State the right and wisdom to declare that "corporations chartered by the State must be subject to just regulation by the State in the interest of the people." Every State in the Union ought to adopt that principle, which it is fair to presume the New York Democracy "must" carry out by legislation to be adopted or already on the statute books, if the party carries the State. That is what it proposes to do in the State, and it is left to the St. Louis convention to say whaCongress shall do to handle all the corporations chartered in every State.

## GRADUAL TARIFF REVISION ENDORSED.

The STAR a few days ago stated that the signs of the times pointed to gradual revision of the tariff as the policy to be adopted by the Democracy in this campaign. It is evident that such policy will win the support of Northern Republicans who see ruin ahead under the stand pat policy of the Republican party and are opposed to such blind adherence to high protection as the Republican party is committed to by its leaders.

The plan of revising the tariff in a gradual way will win some strong supporters in the North, and already a number of large and influential papers have a decided and in many instances a positive leaning to it. A few days ago the Reform Club, of New York, gave a dinner, and quite a number of distinguished men were there as speakers of the evening. Among them were the Hon. John Sharpe Williams and Mr. Edward M. Shepard. Here is what was said of the speeches by the New York *Journal of Commerce*, one of the strongest editorial authorities in this country:

"The Relation of the Tariff Question to the Coming Campaign" was a subject of discussion at the dinner of the Reform Club on Saturday night and there were some noteworthy utterances on that occasion. Mr. Williams of Mississippi, the Democratic leader in the House of Representatives, sent a letter upon the general demoralizing effects of protection, but the most practical suggestions were made in a speech by Mr. Edward M. Shepard. The high protectionists are addicted to representing every tariff reformer as a free trader who is intent upon tumbling down the existing system with direful consequences to everything that is propped up by it, which would create alarm and spread disaster far and wide. Of course no rational tariff reformer, however much he may believe in the soundness of the free trade principle, proposes to upset the present rariff system all at once, or to reconstruct it so suddenly and radically as to do serious damage that it would take time to repair. He would first of all remove excrescences, retrench excesses and remedy abuses. He would cut off duties that do not protect, but obstruct, and those that foster monopolies.

Mr. Shepard suggested that his party "make the kind of attack upon the high protective system which the advocates of the latter dread rather than the kind of attack which they prefer." He would attack the system in detail rather than by wholesale. He recognizes that "large masses of perfectly sincere and intelligent business men fear the name" of free trade as "a sort of bogey," and the misapprehensions upon which this fear is based have to be taken into account in treating the subject of tariff reform. Hence the proposal addressed to the people should be for a partial and gradual revision. Schedules or separate articles should be dealt with. "We ought," said Mr. Shepard, "to select the schedules on articles to which the minds of the American people are now directed. Why not begin with steel and iron? Here is an industry the products of which are exported and sold to foreigners at rates cheaper than they are sold at home to Americans."

This is ued as an illustration of the method of bringing about a gradual revision of the tariff. Here is a conspicuous instance of an industry in which we have every advantage for production. There is abundance of ore and other material easily obtained and cheaply transported. The actual cost of making iron and steel in this country is unquestionably lower than anywhere else, and yet the duty has made it possible to maintain high prices for all who use them and pay enormous profits upon hugely inflated capital. When demand is checked prices are lowered for selling a surplus abroad, but domestic consumers have to wait. It is injurious to the industry and all employed in it or dependent upon it, but those who exploit and manipulate its capital profit by its spasmodic up and downs. The evil of the high duties can be made plain in this case as it can in some others, and gradually in many, until it will be seen that the gains of special interests that get the direct benefit of protection can only be at the expense of others. It is evident that tariff revision must be accomplished by gradual steps, and if the question is to enter into the coming campaign with effect it must be in that form. Many Republicans recognize the crying need of that kind of tariff reform. There are monstrosities to be got rid of, and they can be safely attacked without trying to overthrow the whole system at once. Meantime every effort should me to enlighten the public mind on the principles, and the ultimate aim need not be concealed.

A boarding house lady in New York was shot in the head by her "star boarder" because she refused to see him after breakfast. A bullet in the head is certainly calculated to make the lady "see stars."

## CURRENT COMMENT.

—— A half century from now the old lady will be telling how she was Queen of the May in 1904 and wore furs.—Washington Post.

—— The Republican spell binders have one advantage. They can tell what the party has done in half the time it will take the Democrats to tell what the administration supporters have not done.—Washington Post.

—— Mormonism as a religious organization which teaches and practices polygamy has become familiar to the American public. Mormonism as a theocracy which is using the strength of its peculiar system of church government to gain political power has received much less notice. This is the aspect of Mormonism that has been disclosed by the testimony of the last few days in the Smoot investigation. It appears that Mormonism dominates absolutely the politics of Utah.—Buffalo Express.

—— Particularly valuable in the lessons of St. Louis is the exhibit, for which the directors are not responsible, of a Thousand Miles of America. For Eastern and foreign observers the Chicago Fair greatly gained in interest from distance. St. Louis a thousand miles from the Gulf by the Mississippi, a thousand miles by any route from Ottawa or Winnipeg. No foreign visitor, no untraved American, can see the fair without seeing far more than the fair and gaining thereby a broader view of the land whose great middle zone is the Louisiana Purchase.—New York World.

—— The total appropriations by the Congress just prorogued by Mr. Roosevelt amount to $781,600,000, plus $24,000,000 of obligations incurred; and this without including the Panama investment, an extraordinary expense. We take the total as stated, not by the Democrats who are assailing the majority party for extravagance, but by the Republican chairman of the House Committee on Appropriations, the conscientious Mr. Hemenway, of Indiana. People are not comparing the total of this year with the totals of former sessions so much as they are asking how far the strict economy urged by Mr. Roosevelt in December has been promoted by his executive requisitions, his executive orders, and his snap adjournment for campaign purposes. And that is a fair question.

## CHEERLESS OUTLOOK

### How the future was brightened for a well known Wilmington man.

With an aching back that makes the daily toil a torture, and that robs sleep of its restful properties, the future holds out little promise to a man, no matter how successful he may be in business. To such a sufferer relief comes like the dawn of the Arctic day. A Wilmington business man who found relief of this sort tells his story of his case.

A. V. Horrell, proprietor of restaurant at 505 South Fourth street, says: "I used Doan's Kidney Pills and they did me a lot of good. I have been a great sufferer with backache, which I supposed to be rheumatism, and used all the rheumatic cures I could get hold of. I was completely laid up with it and could scarcely get around, to do any work was simply out of the question. My sister, reading about Doan's Kidney Pills and knowing how I suffered, went to Bellamy's drug store and got me a box. They acted like a charm. My backache or rheumatism, whatever it was, has entirely left me, and I give all the credit to the use of Doan's Kidney Pills."

A Startling Test.

To save a life Dr. T. G. Merritt, of North Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c, at R. R. BELLAMY'S drug store.

AVOID all drying inhalants and use that which cleanses and heals the membrane. Ely's Cream Balm is such a remedy and cures Catarrh easily and pleasantly. Cold in the head vanishes quickly. Price 50 cents at druggists or by mail.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davidson, Attorney at Law, Monmouth, Ill.

# To the Enemy.

## An answer to some of the claims of the other fellows.

MR. M. B. SONCRANT.

In this newspaper article we ask the patience of the reader while we answer a few of the arguments of the other fellows who make all sorts of claims about their respective preparations of cod-liver oil. This subject is worth the attention of every intelligent man and woman. The very fact of the importance of cod-liver oil in medical practice makes what we have to say worth serious consideration. But first let us introduce a letter from one of our friends and then proceed.

520 Brigham St., Toledo, Ohio, December 4, 1903.

Dear Sirs—I was suffering from a general run-down condition of the system. My digestion was very weak, I seemed to be nervous and my friends were rather worried about my condition. Seeing an advertisement of Ozomulsion in the newspaper, I determined to give this preparation a trial. The result has been in every way satisfactory. I found that I gained in strength rapidly, my nervous system was greatly nourished and digestion became normal. I think Ozomulsion is a splendid remedy for anybody whose system for any cause is weakened; and I take great pleasure in indorsing it.

Very truly yours,
(Signed) M. B. Soncrant.

By the foregoing letter you see what Ozomulsion will do. Of course you do not see all it will do, because there is almost no limitation of the uses of cod-liver oil and hypophosphites in the form of Ozomulsion.

Some fellows are offering the "wine of cod-liver oil," as they call it. They claim that by eliminating the fat from the oil they retain its active principles and thus offer a preparation which is more pleasing to the patient than the natural oil.

The simple truth is, that the active principles of cod-liver oil are the oil itself, and when you try to eliminate the most important part of the oil, you have little left of any medicinal value. It is like leaving Hamlet out of the play.

The best comparative tests of all of the forms of cod-liver oil are made in children, who respond more quickly to treatment than adults. You only have to give Ozomulsion to a child for a week to find out what the natural oil, made palatable and easy of digestion, will accomplish. All the wines of all the oils that are made will not do as much.

Now a word about emulsions. It has been established beyond the possibility of a doubt that an emulsion is the best practical form in which to administer cod-liver oil. In this form we are not only able to disguise the taste of the oil and make it palatable, but we also make it so the stomach has practically nothing to do with it except to pass it on to the small intestine, where it is quickly absorbed and becomes blood.

There is no emulsion of cod-liver oil in the world which has arrived at such a degree of perfection in its manufacture as Ozomulsion. The process of its manufacture has been perfected by the proprietors of Ozomulsion, and no other emulsion in the market is made from as perfect a process or from as scientific a formula.

You will certainly find from experience that there is something about Ozomulsion which produces better results in the human system than any other preparation of cod-liver oil. This is the universal experience of everybody who gives Ozomulsion a fair trial.

To claim that a long record is the only guarantee of the merit of a cod-liver oil emulsion is all bosh.

Druggists sell Ozomulsion at 50 cents and $1.

If your druggist does not keep Ozomulsion in stock, he can easily order it for you, or if you desire a small sample, to see what it is like, you can obtain the same by mentioning the name of this paper in which you read this advertisement and sending to THE OZOMULSION CO., 98 Pine St., New York City.

## COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, April 2.—The cotton market opened weak at a decline of six and ten points, under liquidation and selling by room bears as a result of better weather over Sunday than expected and weak English cables. Trading was not active but commission houses appeared to be selling the late months for long account, and with the professionals evidently hunting for stop orders on the long side in the Summer options, the market continued easy, soon increasing the decline to a matter of thirteen and twenty-four points. Following this there was a partial rally as room shorts turned for profits, and around midday the market showed some steadiness at a recovery of from six to eight points on buying, encouraged by reports of good exports while it was also reported that Eastern spinners had recently been buying out of local stocks. The gain was soon lost, however, and while the market in the late trading was more or less irregular, the general tendency was downward and the market closed at within a point or so of the lowest. The final tone was steady on moderate covering with prices net ten to thirteen points lower. Sales were estimated at only 350,000 bales. New crop months were relatively steady in the late trading on predictions of less favorable weather in the western belt and there also seemed to be some demand on the ground that the weekly report of the Weather Bureau at midday to-morrow would prove a bullish factor. Exports for the day were heavy.

SUFFERED A THOUSAND DEATHS

Five Physicians had done their best to cure James Wilkes, of Dillon, S. C., who had one of the most terrible cases of RHEUMATISM on record. They all failed until one doctor prescribed—

# Rheumacide

IT CURED HELPLESS CRIPPLE.

Mr. Wilkes writes in the course of a long letter, dated August 18, 1902: "My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, told me to try your RHEUMACIDE. I began to take it, and before the first bottle was used up I began to get better. I used 5½ bottles and was completely cured."

Dr. J. P. Ewing confirms Mr. Wilkes' statement in every particular.

## SPIRITS TURPENTINE.

— Forsyth and Stokes counties have instructed for Glenn; Guilford for Stedman; while McDowell county is nearly solid for Davidson, The vote of these counties in the State convention is as follows: Forsyth, 19; Stokes, 10; Guilford, 27; McDowell, 8.

— This week an event of much interest will be the address on "Citizenship" which Governor C. B. Aycock will deliver on Friday evening at the first annual meeting of the Associated Charities at Raleigh. The public is expected to attend.

— By the accidental explosion of some chemicals in the laboratory at the State University Saturday afternoon fire was started, other explosives ignited and a conflagration seemed imminent, but by the clever work of some of the students who were in the building the fire was extinguished before the alarm was answered and before much damage done.

— The first shipments of brick for the new three-story Biological laboratory, 80 by 65 feet, to be built by the alumni at Wake Forest College, were received Saturday, and work on the building will begin this week. —— Mr. Frank E. Parham, who is just completing his law studies in Columbia University, will assist Professor Gulley in the work of the Summer Law school.

— During the month of April the tobacco manufacturers of Winston-Salem sold and shipped 2,271,204 pounds of their product. This is an increase of 394,113 pounds over the same month last year. The leaf tobacco sales on the Winston market for April amounted to 1,158,907 pounds. It brought $141,152.16, an adverage of 7.56 per hundred. The total sales for the year are 17,317,508 pounds.

— The petitition that was circulated in Newbern, asking the board of city council to call an election for saloons or no saloons, was temporarily settled on Saturday. A committee from the saloon element and the anti-saloon contingent met and decided by mutual consent, not to call the election until July 3rd and if carried, that it shall not go into effect till January 1st, 1905, which would give the barroom keepers six months in which to get rid of their stock.

— Raleigh News and Observer: In Washington the rules against controlling primaries and conventions by Federal officials are still displayed in the departments. In North Carolina primaries and conventions the Federal officeholders are the whole thing, they crack the whip, Roosevelt and Rollins are endorsed according to orders "sent down." When Roosevelt was Civil Service Commissioner, he rallied at that sort of thing. Now it is carried on by his own appointees and for his advancement. Much depends on whose ox is gored.

— Raleigh Christian Advocate: It is to be regretted that the two enterprises which mean so much to North Carolina and the whole South seem to be foredoomed to failure. We refer to the Appalachian Park and the Inland Waterway. The bill to establish the former passed the Senate, but there is hardly a ghost of a chance for it to pass the House. The Inland Waterway has received but scant support. Sectional feeling is in the way of these great enterprises. Yet there are some who speak glowingly of the effected obliteration of all sectional rancor.

— Kinston Free Press: A couple, whose names we will not mention, were married four years ago, in a county east of us, and at the end of five weeks the husband, without any excuse, unceremoniously left his bride. She came to this city and took up her abode with a relative, and has been living here ever since. Not a word had she heard from the truant husband until Wednesday night of this week, when a man knocked at the door of the house and inquired for her. She met the man and, though his conduct was inexcusable, did not heap recriminations on his head, but like a sensible woman that she undoubtedly is, calmly told him that she would not condemn him until she had heard him, and if he could justify his conduct with a good excuse she would return with him as requested. This he failed to do to her satisfaction, and she has calmly dismissed him and told him that they would have to continue apart. The lady is an excellent woman and showed remarkably good judgment in the matter and the act was not the result of a cold heart either as she expressed a fondness for the man yet. He returned to his home the next morning and she abides in the city.

— Raleigh Post: Our country friends of Republican affiliations who came to the city yesterday thinking they were going to participate in a convention of their party had their pains for their trouble. Their presence and not their voice was wanted. Postmaster Bailey and his clerk, Mr. Edwards, and Revenue Officer J. P. H. Adams, appreciating the advantage of keeping in close touch with the administration, had made all necessary preparations for the occasion and would not be disturbed in carrying them out. Without the fear of Mr. Roosevelt's well known and frequently uttered opinions fernent federal officeholders taking part in political conventions, or evidently understanding that President Roosevelt has suspended these opinions, like he does other civil service rules on occasion, until "after the election," these Federal officeholders "seen their duty and done it" so far as running the convention was concerned. And they pretend to say that, under such administration of affairs, that the Republican is the party of the people. However, it is their funeral, and the rest of us are not called upon to furnish the mourners.

### From a Society Woman's Diary.

My milliner gave me a shock today. "When," said she, "does your lady-ship intend paying me what you owe me?"

The ungovernable curiosity of low-born women! It made me blush for my sex.

I was not unkind to her. But I deemed it my duty to chide her, and when she spoke (rather petulantly, I thought) of starving I recommended her to cultivate poise.—Life.

### Mme. Roland's Request.

When Mme. Roland was on the scaffold she asked for pen and paper to note the peculiar thoughts that hovered about her on the last journey. It is a pity they were refused, for in a tranquil mind thoughts rise up at the close of life hitherto unthinkable, like blessed inward voices alighting in glory on the summits of the past.—Goethe.

### Letting Him Down Easy.

"I have a very unpleasant duty to perform," said the chief. "The management desires to dispense with your services."

Thousands can testify to that. Mrs. C. B. VanMetre, of Shepherdtown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by R. R. BELLAMY, druggist. Trial bottles free. Regular sizes 50c and $1.00. †

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere, —seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## ASKS RECEIVER FOR A. & N. C.

**New Jersey Stockholder Files Complaint in Federal Court Through New York Lawyers—The Hearing.**

[*Special Star Telegram.*]

RALEIGH, N. C., May 2.—Upon petition of John P. Cuyler, of New Jersey, who holds thirty-seven shares of stock, Judge Purnell, in the United States Circuit Court here to-day, issued an order for the Atlantic and North Carolina Railroad Company to appear before him May 31st and show cause why a receiver should not be appointed for that road. Counsel for Cuyler are Fleming & Fleming, of New York, Capt. W. H. Day and Col. T. M. Argo, Raleigh.

The complaint is much the same as that filed by Finch under which Judge Purnell formerly appointed Capt. V. E. McBee receiver, the proceedings having run amuck as it were and was withdrawn after sensational bench warrant hearings before Chief Justice Clark and in the Superior Court. The Cuyler complaint includes some additional charges, the facts for which had been developed in the Finch-McBee hearings and subsequent investigation into the condition of the road by the board of Internal Improvements and the special committee.

The most general criticism of the new proceeding here is that it should not have been started until the report of the Board and committee as to the condition of the road was filed with the Governor. This report was expected Friday or Saturday of this week.

### AT THE ACADEMY TO-NIGHT.

**John Fay Palmer in "Ingomar, the Barbarian"—Seats on Sale.**

With a fine production of "Ingomar, the Barbarian," a play which has enjoyed popularity for many, many years, the Palmer Company, headed by the well known Thespians, John Fay Palmer and Rachel Lewis, will open a five-night engagement at the Academy to-night, and upon this occasion every lady accompanied by the holder of a paid 50 cent ticket will be admitted free. These tickets can be purchased and reserved at Plummer's.

Relative to a performance of "Ingomar" by the Palmer Company the Spartanburg (S. C.) Daily *Journal* recently said:

"The performance at the Opera House last night was a pleasing surprise. John Fay Palmer, supported by an exceptionally strong company, more than pleased a large audience. "Ingomar" was presented in an elaborate manner and the laughter and applause was divided equally during the evening. Mr. Palmer and Miss Lewis played their parts with such ease and naturalness that one would believe they were the characters themselves. This is what we call true art."

### COUNTY CONVENTIONS YESTERDAY.

**Harnett and Rutherford Send Uninstructed Delegations to Greensboro.**

[*Special Star Telegram.*]

DUNN, N. C., May 2.—The Harnett County Convention convened at Lillington to-day and delegates were elected to the State and Congressional conventions, both uninstructed. The sentiment as to Governor seems to be about equally divided between Stedman and Glenn, with Stedman doubtless a little in the lead. In the State convention this county has ten votes.

RUTHERFORDTON, May 2.—The Rutherford county Democratic convention met to-day for the purpose of electing delegates to the State Convention. Stirring resolutions were adopted setting forth the candidacy of Judge M. H. Justice, of Rutherford, for the Supreme Court bench, recounting his public life and services and instructing the Rutherford county delegation to use all honorable means to secure his nomination and to vote solidly for him. No action was taken regarding other candidates. Delegates were selected for the State and Congressional conventions and the county executive committee was instructed to order primaries for the nomination of candidates for county officers instead of the conventions heretofore held in this county. The convention was largely attended and the utmost harmony prevailed.

**Carolina Won Yesterday's Game on Forfeit—Fine Slab Work by Hobgood.**

[*Special Star Telegram.*]

CHAPEL HILL, N. C., May 2.—The University baseball team defeated the Agricultural and Mechanical College, of Raleigh, this afternoon by a score of nine to nothing. The game was forfeited to Carolina at the end of the seventh inning, the visitors withdrawing from the field when the umpire made a decision against them. It is feared that the action of the A. & M. team will strain the athletic relations between the two institutions. Carolina played a better game throughout than the visitors and the score was seven to four in favor of the locals when the game was closed. Hobgood, Carolina's pitcher pitched a superb game, allowing only three hits and striking out ten men, while Shannonhouse, the Farmers' twirler, was hit hard.

# JAPANESE TROOPS CROSSED THE YALU.

**Forced the Passage of the River After Hard Fighting and Attacked the Russians.**

**BATTLE FOUGHT ON SUNDAY.**

**Russians Routed and Driven With Loss of Artillery, Ammunition and 800 Men Killed—Japanese Lost 700. Russians Are Retreating.**

By Cable to the Morning Star.

TOKIO, May 1, 7 P. M.—After five days of fighting, largely with artillery, the first Japanese army, under General Kuroki, has forced a crossing of the Yalu river and to-day, with a gallant infantry charge covering a frontage of four miles, it drove the Russians from Chiu Tien Cheng and the heights on the right bank of the Iho or Aida river, which enters the Yalu from the north, almost opposite Wiju. The Japanese turned the left flank of the Russian position, and in the battle of to-day they swept away the new front interposed by the Russians to check their onward movement.

The present position of the Japanese is a dominating one, and they may force the abandonment of the defences erected by the Russians at Antung and other points lower down the river.

**Antung Abandoned.**

TOKIO, May 2, 11 A. M.—The Russians were forced to abandon Antung yesterday. They burned the town and retreated to Fung Huan Cheng.

The Japanese now control the estuary of the Yalu.

**The Losses.**

TOKIO, May 2, 7 A. M.—The Japanese losses on the Yalu Sunday were about 700 killed and wounded. The Russians lost over 800 men. The Japanese captured 28 quick firing guns, 20 officers and many men. The Russians made two stands.

A supplemental report from Gen. Kuroki says:

"The enemy's strength included all of the third division, two regiments of the sixth division, one cavalry brigade, about 40 quick firing guns and eight machine guns. We have taken 28 quick firing guns, many rifles, much ammunition, more than 30 officers and many non-commissioned officers and men as prisoners. I am informed that Maj. Kashtalinsky, commander of the Third East Siberian rifles brigade, and Lieut. Gen. Sassalitch, commander of the Second Siberian army corps, were wounded. Our casualties number about 700 and the Russian loss is more than 800 men."

**Russian Account.**

ST. PETERSBURG, May 2, 8 P. M.—The Associated Press has obtained from the general staff an outline of the operations on the Yalu river during the past week.

The Russian force, including the reserves was composed of General Kashtalinsky's rifle division, General Mistchenkos' Cossack outposts, and a brigade of artillery, the whole under General Sassalitch. Knowledge of geography is essential to a clear understanding. The Russian lines were at Kulien-Cheng (or Turenchen), opposite Wiju and Antung, both on the Feng-Wang Cheng road. A mile north of Kulien-Cheng lies the village of Potietinsky, near a tributary of the Litzaven, five miles up which is Chin-Gow. On the opposite bank of the tributary is the village of Litzavena. Opposite Potietinsky stands Housan, with a dominating height. Still higher, on the right of the Yalu, is the village of Ambikhek, at the confluence of the Aipike. The whole course of the Yalu between Ambikehe and Antung is divided by islands, the largest, Somalinda, facing Kulien Cheng. Another lies between Housan and Sindiagowa. The Japanese forces, the staff believes, approximated a hundred thousand men, of which four divisions, thirteen battalions and fifty-six guns were in action. The Japanese prepared for crossing the river by posting all their available guns, of which the Russians say the Japanese had five times more than they, along the line facing Kulien Cheng and Antung, and also landed from their warships 47 guns. This array of artillery eventually made Kuluen Cheng untenable. Under cover of powerful batteries north of Sindiagowa, the Japanese crossed at Housan, occupying the height. As the latter position would have enabled them to direct a raking fire against the Russians at Kulien-Cheng, General Sassulitch ordered it to be retaken Friday. This was done, but on Saturday the Japanese under cover of a battery, reoccupied it, the defenders falling back across the Litzavena and continuing the fight with the Japanese who were attempting to flank them from Chin-Gow. The Russian force at Antung and Kuluen-Cheng had meanwhile retreated to its second line, a few miles westward. The whole Russian force engaged formed a semi-circle, the horns of which were being gradually drawn in preparatory to retiring to a position further west. This was the situation when the last Russian official reports were sent.

A member of the staff informed the correspondent of the Associated Press that the issue ultimately turned probably upon whether the order to withdraw was given at the proper time. A slight delay at a critical moment might have enabled the enemy's vastly superior artillery to concentrate on the Russian guns, killing horses and gunners and compelling the abandonment of the guns. But if so the Russian plans will not be changed by accidental loss. General Sassulitch would continue his retreat, contesting stubbornly a possible Japanese advance along the Feng-Wang Cheng road, which runs through a hilly country, crowned with heights suited to Russian tactics.

# JAPANESE VIEW OF THE SITUATION.

**Duration of the War Must Lie Rather With Russia Than With Japan.**

**STRUGGLE JUST COMMENCED.**

**Before Long There Must Come a Stage of the Campaign When Russia Will Assume the Role of the Invading Power—Japan's Victory.**

By Cable to the Morning Star

LONDON, May 2.—Baron Hayashi, Japanese minister here, who has been the recipient of numerous telegrams of congratulations on the Japanese successes on the Yalu, and especially on the result of the first serious land fighting, said to the Associated Press to-day:

"The immediate result of General Kuroki's success will probably be a movement on Feng-Huan-Cheng, which the Chinese had fortified with their usual brick structures.

Since the commencement of the war the Russians doubtless have added earthworks, but their loss of guns yesterday must seriously diminish their defensive strength.

"I understand, though I cannot vouch for the absolute accuracy of the statement, that Russia had only one hundred guns in Manchuria. If that is the case, her artillery strength has been diminished almost one-third.

"They fight well, those Russians, and Feng Huan Cheng will not be taken without a hard struggle unless General Kuropatkin again changes his plan of campaign.

The announcement that the Russians would not contest the crossing of the Yalu has proved, as we thought, to be misleading. Kuropatkin evidently meant to make a determined resistance, but he either under-estimated our strength or disposed his forces in the belief that we would not venture a frontal attack.

"I take it from the dispatches received that we have now practically secured control of both banks of the Yalu. In consequence, our base will probably be moved to Antung."

Reviewing the whole feature of the struggle that has just commenced in such deadly earnest on land, Baron Hayashi said:

"The duration of the war must lie rather with Russia than with Japan. For the moment the military advantage is with us, for Kuropatkin has extended his front and we can strike when and where we will. Our aggressive movement may be carried on to Mukden, perhaps to Harbin, and perhaps even further, but before long there must come a stage of the campaign where Russia will assume the role of the invading power and where we must act solely on the defensive. From the beginning it has been so, and our aggression is and has been but means toward the eventual repulsion of an invading army.

"General Kuroki himself probably cannot say at this moment at exactly what point our aggression will be changed into the defensive. Kuropatkin, so I believe, says he will not undertake to drive us back until he has 300,000 men ready to take the field. I think what that means is that at least five per cent. of that force will die from sickness, so that to keep his force at the maximum required Kuropatkin will always have to be transporting 15,000 men from St. Petersburg—no small task.

"This year's harvest in Manchuria, I learn, promises to be bad. A million Russians there in addition to the army, must be fed. We have or shall have closed every source of food supply except by the Siberian railroad. Even with double tracks and no men or munitions of war to transport, the problem of feeding the Russian population and army now in Manchuria would be in itself intensely serious, but with a single track road, which is Russia's only vital sinew, it seems almost impossible, and famine appears inevitable.

"To help us sit down and wait for all these contingencies, we are working day and night on the Corean railroad, and by October the unfinished portions of the railroad between Fusan and Seoul will be completed and a new line from Seoul to Wiju will also be ready. Locomotives are coming from the United States, and as soon as these arrive we will have a strong and rapid line of communication through all Corea which will almost touch our own mainland, and we will not be likely to suffer from want of supplies or reinforcements.

"As regards Port Arthur and Vladivostok, the situation is somewhat different. I cannot say anything about the movements of our other armies that have been mobilized but there is no doubt that the Liao Tung peninsula will be cut off from supplies if any success attends our land forces. Neither Port Arthur nor Vladivostok can be taken from the sea front; but I think you will find Port Arthur either taken by our land forces or starved out by September. The Chinese are smuggling provisions into Port Arthur now from Chefoo, but only to an immaterial extent, and that will soon cease.

"Vice Admiral Togo doubtless will remain on watch outside of Port Arthur. By September, when the hurricane season comes, he should be able to safely house his fleet in a Japanese port. No fleet, Russian or Japanese, could be particularly effective then. I scarcely think Russia will send her Baltic fleet to face our Autumn hurricanes. If the ships go before then they will encounter the monsoon period, which lasts from May to August, and in which coaling at sea en route to Japan would be exceptionally dangerous, if not impossible, and coaling at sea is the only way the Baltic fleet can take a hand in the war.

### CHICAGO PRIMARIES

**For the Selection of Delegates to the State Convention.**

By Telegraph to the Morning Star.

CHICAGO, May 3.—Democratic primaries were held to-day for the selection of delegates to the State convention. The fight was practically for the control of the local organization of which Mayor Carter H. Harrison has been the leader. The returns from the city which were complete shortly after midnight, show that Hearst has secured 319 delegates and Harrison 122. Nineteen delegates are uninstructed, and of these the Harrison faction claim eight.

### HOMICIDE AT MANNING, S. C.

**Magistrate S. M. Youmans Shot and Killed Lawyer Jno. R. Keels.**

By Telegraph to the Morning Star.

CHARLESTON, S. C., May 2.—This afternoon, at Manning, Clarendon county, under the court house portico and while court was in session, Magistrate S. M. Youmans shot and instantly killed Lawyer John R. Keels. Youmans fired five shots, all taking effect, and immediately gave himself up to the sheriff. The quarrel was over a business transaction.

### ST. LOUIS EXPOSITION.

**Grounds Thronged With Visitors in Anticipation of the Illumination Feature. The Attendance on Saturday.**

By Telegraph to the Morning Star.

ST. LOUIS, May 2.—When the first regular day of the Louisiana Purchase Exposition had drawn to a close a flood of light from thousands of electric bulbs that line the tops of the main buildings, illuminated the grounds so that day almost continued. The throngs of visitors began pouring into the Exposition grounds early in the evening in anticipation of the illumination feature. Music of bands and falling waters lent attraction to evening visitors. The plaza became the central point of interest, as the main exhibition buildings close at dark. The illuminated grounds are open, however, until 11 o'clock, so that visitors may enjoy the "Pike," the waters and the music.

Official announcement of the total number of persons who attended the opening of the Exposition on Saturday will not be made known until the count has been verified beyond question, according to President Francis. The count was completed to-day by Chief E. N. White, of the department of admissions, and submitted to the director of admissions, Norris B. Gregg, who, in turn, submitted it to President Francis. President Francis said that owing to the great interest manifested throughout the country because of contests, every precaution would be taken to avoid a mistake, and the submitted total would again be verified and probably announced to-morrow.

### IN FAVOR OF ROOSEVELT.

**Demonstration by a Conference of the African M. E. Church.**

By Telegraph to the Morning Star.

CHICAGO, May 2.—A prayer that President Roosevelt might be returned to the White House caused an unusual demonstration to-day during the exercises of the 22nd quadriennial conference of the African Methodist Episcopal church. Shouts of "Bless, Oh God," "Yes, yes," "Amen, amen," greeted the words of Bishop W. J. Gaines, of Georgia, when he invoked the blessing of God on the President of the United States, "who has had the manhood and courage to stand up and do his duty at all times to men of color and creed in spite of bitter criticism."

"If consistent with thy will, Oh God, when his term of office expires" continued the speaker, "send him back to the White House to serve another four years." The utterance of this sentiment was the occasion of deafening shouts by the assembled delegates.

**Y. M. C. A. Social Event.**

The next social event of the Y. M. C. A. season will be held on Thursday night, when the Board of Directors of the Association will tender a reception to the Ladies' Auxiliary. This is an annual affair and is one of the most pleasant events of the season. Invitations have been issued to every lady, including a gentleman friend. As the Auxiliary now numbers nearly 100 members a large attendance is expected. If, however, any member of the Auxiliary fails to receive an invitation, it will be because their name has been overlooked, and their presence is just as much desired. A delightful programme has been arranged, consisting of a game of basket ball between the teams of Col. Walker Taylor and Major Robertson, after which music, speeches and refreshments will be in order. The reception will be from 8:30 to 10:30.

**Grand Band Excursion.**

May 10th at Carolina Beach will be the occasion of a big excursion by Delgado Band. There will be an all-day dance at the pavilion, with music by the band and refreshments will be served both on the boat and at the beach for the benefit of that popular organization. There will be three trips of the steamer "Wilmington"—9:30 A. M. and 2:30 and 8 P. M. Everybody invited.

— A telephone message to the STAR this morning announced the death of Mr. Jno. W. Reilly, at the Memorial Hospital at 4:20 A. M.
